How Many Miles Do You Drive?

ODOMETER

Will Tell!

This instrument is not a mere watch. It
tells the exact number of miles driven to the
1000th part of a mile; counts up to 1,000 miles;
water and dust tight; always in order; saves
horses from being over-driven; is easily at-
tached to the wheel of a Buggy, Carriage,
Wagon, Road Cart, Sulky, Plow,
Reaper, Mower, or other vehicle. Invalua-
ble to Livestock Raisers, Druggists, Phy-
sicians, Farmers, Surveyors, Draymen, Ex-
pressmen, Stage Owners, &c. Price only
\$5.00 each, one-third the price of any other
odometer. When ordering give diameter of
the wheel. Sent by mail on receipt of price
post paid. Address

It has been very quiet here for the
last three weeks, except in the grass
fields where the men have worked with
a will when the weather was propi-
tious, even in the early morning to make
hay when the sun did not shine. But
for the week ending Friday last the
sun shone and the gentle breezes play-
ed with the mown grass to the perfect
satisfaction of the laborers, and the
quantity of hay secured in excellent
condition was something to be thank-
ful for. Mr. Aaron Eastman has acted
well his part with his Wm. Anson
Wood mow, in the haying fields this
season, cutting for himself and his
neighbors 120 acres of grass. That
Anson Wood has done him excellent
service in the last four seasons. In
1880 he cut 96 acres, in '81, 110, in '82,
107 in '83, 120, and the machine is not
worth a cent less.

very hard time with it. The bones are
shattered and the foot has turned nearly
black.

Rev. Francis Grover, of Cornish,

lent sermon from 1st John, 4 chap. and

ADDIE L. ALLARD of Brownfield,
a graduate from the Bridgton Acad-
emy in the class of '82, taught the sum-
mer term in Dist. No. 10. The session
was eight weeks, whole number of
scholars 22, average attendance 19, al-
though three of the pupils did not at-
tend until the third week of the school.

There were seven that did not miss a
day, viz.: Nellie Elliott, Lucy Elliott,
Lydia Harriman, Annie Elliott,
Harriman, Edmund Harriman, Roy
Lobberston. Two others, Della, Hatch
and Henry Eastman were not absent
a day after they began to go the third
week. There were only five instances
of tardiness during the term.

All the scholars are very faculty, not
only of gaining the love of their schol-
ars, but the good will of their parents.
Miss A. is a very successful teacher and
her method of instruction is thorough
and practical. The Dist. commends
themselves on having secured her ser-
vices for the fall term.

(preferred for last week)

The farmers in this vicinity are get-
ting along nicely with their haying.
Pretty good weather last week for
that business.

Charles and Robert Pugsley, sons of
Jeremiah Pugsley, who work in Bos-
ton, are at home for a few weeks
for a few weeks trying their muscle in
the hay field. They seem to think it is
fine sport and enjoy it much.

Johnnie Durgin who early part of
from Boston took in the early part of
the summer has regained his health,
and goes back to-day, July 28d.

Horace Pugsley goes to St. John,
New Brunswick, this week.

Frank L. Mason is slowly improving.
It is hoped he may recover.

Mrs. Joel Libby is very ill with ty-
phoid fever.

Dr. Rosemont, son of Moses
S. Monton of this town, died very
suddenly of diphtheria in South Bos-
ton, where he was practicing his pro-
fession, July 18th. He was about 22
years of age, truly a noble son.

His father was a skillful physician
for one of his years. This sad re-
sult of his illness is a great loss to his
sister, their only remaining child.

They are almost beyond themselves with
grief. His remains were brought home
and laid to rest in the Kears Falls
burying ground. The funeral took
place Friday afternoon.

His father was a noble son,
his mother a noble woman. His father
was a noble man, his mother a noble
woman. His father was a noble man,
his mother a noble woman.

Mr. Warren Libby has returned from
Portland where he went to get medical
advice. His health has not improved
much.

It is thought now that the apple crop
in this section will be a failure. Corn
is looking very well indeed. Potato
bugs are very plenty and unusually
fine and large this year.

For your "Hub" correspondent's sake,
I will not better your snake,
but since I do the best I can,
I will not better your snake.

Dogs came in hot and dry, but
we had a very refreshing shower Sat-
urday and another Sabbath afternoon.
A good deal of rain fell each time.
These frequent showers give new life
to vegetation and the crops are all in a
fine growing condition.

Since our last writing the Great
Reaper has twice been among us. Mrs.
Ruth Libby, wife of Joel Libby, died
of typhoid fever the 24th, after an
illness of three weeks. She was
leaving a husband, two sons and an
adopted daughter to mourn her loss.
She was a faithful wife, kind mother,
and an excellent neighbor. She will
be much missed.

William Taylor, who has been
ill a long time, passed away the 26th
inst. His funeral took place on Sunday.
He leaves a wife, one son and two
daughters.

Mr. Rosewell M. Norton and his
brother Nathaniel, who have been
living in Portland, have returned to
Norway. They have come to spend se-
veral weeks at Mr. Eben Norton's in
this town.

Miss Millie Pugsley spent the Sab-
bath at home.

We are very much pleased to learn
our friend W. F. Payson of Conway,
N. H. is improving. He has been to
Portland to consult a physician there
and thinks he is being benefited by his
advice.

We looked in vain in last week's
issue of the ADVERTISER for any infor-
mation in regard to the "Stars and
Stripes." Who will speak?

OBITUARY.

There was a birthday party on the
thirteenth at Mrs. Olive Knights', given
in honor of her sister, Miss Martha
Hancock, who had reached her eightieth
birthday. Aunt Martha is very
much respected in the neighborhood,
and it was determined that she should
receive a good pounding on the anni-
versary of her natal day. The party
was a very successful one, was too, not
to Aunt Martha and her sister, but to
the many friends who were present.
The gifts were all of the most useful
and substantial order, and were very
fully and cheerfully offered. The day
will long be cherished as a bright spot
in Aunt Martha's memory, and it is the
wish of her friends that she may live to
see many more happy birthdays. A. R.
